THE PARTNERSHIP

When a client's mortgage needs fall outside your bank's lending guidelines, refer them with confidence. I handle the mortgage solution while you continue managing their deposits, investments, business accounts, and overall banking relationship.

INCOME, INVESTOR & PROPERTY SOLUTIONS

- **DSCR Loans for Real Estate Investors**
  Qualification is based primarily on the property's rental income - not the borrower's employment or personal income. Properties may be deeded in an LLC, with options for long-term and short-term rentals.
- **Bank-Statement Loans for Business Owners**
  Use 12 or 24 months of personal or business bank deposits to calculate qualifying income instead of relying solely on tax returns.
- **Asset-Based Income Qualification**
  Eligible savings, investments, and retirement assets may be converted into monthly qualifying income - helpful for retirees, investors, entrepreneurs, and other high-net-worth clients.
- **1099-Only Income Programs**
  Certain self-employed borrowers may qualify using their 1099 earnings without providing traditional tax returns.
- **Investment-Property HELOCs**
  Investors may access equity from rental properties without refinancing and replacing the favorable interest rate on their existing first mortgage.
- **Purchase-Renovation and Fix-and-Flip Loans**
  Investors may finance both the acquisition and renovation of a property, including certain courthouse-step and distressed-property purchases.
- **Ground-Up Construction Financing**
  Investors may finance new construction without personal income verification and close in an LLC. Prior builder experience may not be required, and properties may be built to sell or held as rentals - with a 12-month interest-only construction term.
- **Flexible DSCR Programs for Credit Challenges**
  Certain investor programs may be available with no minimum credit score, shortly after bankruptcy, or 12 months after foreclosure - with no employment or personal-income verification.
- **Manufactured-Home and Acreage Financing**
  Options may be available for qualifying doublewides, triplewides, older manufactured homes, and unique rural properties - even when comparable sales are limited or located farther away.
- **Land and Acreage Loans**
  Financing for residential lots and acreage with fixed-rate options, no balloon payment, no prepayment penalty, and no requirement to begin construction immediately.

PROGRAMS BANKERS CAN USE

PURCHASE & EQUITY

- **VA Jumbo Loans with No Set Loan Limit**
  Eligible veterans with full entitlement may purchase high-value homes with no down payment, no monthly mortgage insurance, and no traditional conforming loan limit.
- **Buy-Before-You-Sell Solutions**
  Bridge loans and first-mortgage-plus-HELOC strategies may allow clients to access equity, purchase their next home, move, and then sell their current property.
- **Renovation HELOCs Based on Future Value**
  Financing may be based on the home's projected value after improvements - up to 95% of the future value on a primary residence and 90% on a second home. Funds may be used for additions, pools, major renovations, ADUs, and more.
- **Low-Down-Payment Jumbo Financing**
  Options may be available with as little as 3%, 5%, or 10% down, depending on the loan amount and borrower qualifications.
- **Down-Payment Assistance Programs**
  Eligible buyers may receive up to $15,000 toward their down payment and closing costs through an interest-free, payment-free second mortgage.

SPECIALTY STRATEGIES

- **Reverse Mortgages for Homeowners Age 62 and Older**
  Eligible homeowners may access a portion of their home equity without required monthly principal-and-interest mortgage payments. Funds may improve cash flow, pay off an existing mortgage, cover expenses, or purchase another primary residence.
- **No-Score and Alternative-Credit Financing**
  Borrowers without traditional credit scores may potentially qualify using documented payment histories for rent, utilities, insurance, television services, gym memberships, and other recurring obligations.
- **Buying a Home for a Parent or Disabled Adult Child**
  Qualified borrowers may purchase a home for an eligible parent or disabled adult child with as little as 5% down and receive primary-residence financing terms - even when the borrower will not occupy the property.
- **Seller-Concession and Debt-Payoff Strategies**
  Strategic use of seller concessions may help cover closing costs, reduce the interest rate, pay off qualifying debts, or improve the buyer's overall approval.
